COMPANY'S BRIEF DESCRIPTION: The Group Urien Loza S.A started operating In the Argentine beef market since 1997. Its most important activity is the export of meat from the plant SANTA GIULIA S.A.(Senasa N°1352) and BLACK BAMBOO ENTERPRISES (Senasa N°2035) through Malefu Agropecuaria SRL. Our usual suppliers are cattle breeders who have chosen the quality of the British breeds. Originally, our customers were supermarkets, horecas and wholesalers. At the present time we operate with first rate companies as customers. We supply exporting firms that require chilled and frozen cuts that fulfill the most demanding requirements of the international market, such as the Hilton CUOTA for the European Community, and other cuts for China; Russia, Brazil, Chile... etc. At this time, our different products are identified by the ULSA brand. This brand gives the customers the confidence of knowing that all phases of the production process have been supervised under strict quality controls. The personal management and direct control of the firm by its directors has been one of the keys of our accelerated growth, development, evolution and prestige. **Brands:** URIEN LOZA - BLACK / URIEN LOZA - ANGUS CERTIFIED / ULSA - WHITE / ARGEN FLEISCH - BLACK / ARGEN FLEISCH - ANGUS CERTIFIED
